## Municipal Council Notes

The regular monthly meeting of the Council of the Municipal District of Harmony 128, was held on Sept. 3rd with all Councillors in attendance. Reeve Griffin occupied the chair.

Communication was read from the Unemployment Commission, and after discussion, Councillor Hagerman moved that this be continued. Carried.

Communications were read from the Inspector of Income Tax, in respect to inquiries from the Secretary, insofar as same affect the salaries of employees of the Municipal District of Harmony, there was little discussion on this matter, as the Secretary has on file complete schedules for day, week, or monthly deductions that is called for under the new Income Tax Act.

Communications were read from ratepayers in respect to the decision reached by the Council at a previous meeting as it effected delinquent taxes and the Secretary presented the list of names who had been communicated with in this respect.

Two communications were read in respect to seizure proceedings on the N.W. 17-15-23-W-4th, and the Council after discussion instructed the Sect'y to advise the Canada Colonization Association, that their letters were in order, except that they had overlooked that fact, that this land is now owned by the Municipal District of Harmony 128.

Reeve Griffin phoned to have I. Granlin attend for a few minutes as would appear to be interested in the above land.

Communication was read from the Supervisor of Delivery Quotas of the Canadian Wheat Board, this was in reply to a resolution forwarded on a previous date by this Municipal District, and the Council felt that seeing a 7 bushel quota had been granted this district, it would be of little use to proceed further.

Report forms from the P. F. A. A. as to estimated crop returns from this Municipal District was discussed, and the council were of the opinion that a 30 bushel per acre over all the Municipality, would be a safe estimate.

The Reeve and Secretary reported to the council, that the district had not sufficient funds on hand to take care of present accounts, and Councillor Ellis moved that the Municipal District borrow from the Canadian Bank of Commerce at Champion, the sum of two thousand dollars, same being provided for in the estimates for the year 1942. Carried unanimously.

Councillors Hopkins and Hagerman were appointed as delegates to the Municipal Convention, to be held in Calgary, same was in the form of a motion by Councillor Ellis. Carried.

By-Law No. 54 of the Municipal District of Harmony 128, was read a third time and finally passed, and the secretary was instructed to forward all documents to the Minister of Municipal Affairs for his approval, this was in regards to the sale of S. E. 17-15-24-4 to J. W. Fath. Councillor Mix moved this motion. Carried.

Tax Recovery proceedings was the next order of business, and Councillor Matlock moved that Municipal District of Harmony 128, hold a tax sale on the 15th day of October, 1942, and that the upset price on the parcels thus affected be set as last Assessment. Carried.

The council took up the matter of hospital accounts that are due, and payable to the Municipal District, and the secretary was instructed to issue statement, and to make a liberal concession to any ratepayer to pay these accounts, so that same can be erased from the Municipal records. This was in the form of a motion by Councillor Mix. Carried.

As there was no further business to be discussed, meeting adjourned on motion of Councillor Ellis.

## Wedding

### HEGLAND—CHAMBERLIN

In a church filled with sweet peas and other fall flowers against a background of fern, the marriage took place at Champion United church at three o'clock on Saturday afternoon of Phyllis Maude, only daughter of Mr. and Mrs. Duane Chamberlin, to Russell Gordon, youngest son of Mr. and Mrs. D. Hegland of Carmangay. Rev. P. Dawson, M.L.A., officiated.

White tulle and sweet peas marked the pews to which the guests were ushered by AC1 R. Depue and W. Gatenby.

The bride, given in marriage by her father, was wearing a gown of white silk crepe with shirred bodice and full skirt. Her chapel veil was held in front with a bridal wreath of orange blossoms, and she carried deep red roses. As the bride's only attendant, Miss Laura Chaproniere wore a gown of minuet blue sheer with a matching halo cap. She carried pink roses. Ralph Hegland, brother of the groom, was best man.

Miss Morag McDougall played the wedding music, and during the signing of the register G. M. Campbell sang "I Love You Truly."

The reception was held at the home of the bride's parents. Mrs. Chamberlin, mother of the bride, wore a gown of British blue crepe with a matching hat and a corsage of American Beauty roses. The bridegroom's mother, Mrs. Hegland, wore a gown of blue and white crepe with matching accessories and a corsage of Talisman roses.

Sweet peas and roses were used to decorate the rooms, and the tea table was centred with a three-tiered wedding cake, flanked by tall, white tapers and vases of sweet peas. Mrs. Peter Dawson and Mrs. Ed. Latiff presided at the tea table; Mrs. G. A. Orr, Miss Margaret Fath, Miss Morag McDougall, Mrs. D. Harper and Mrs. Art Chaproniere assisted in serving.

The toast to the bride was proposed by Rev. Peter Dawson, M. L. A., the groom responding. Mr. and Mrs. Hegland left for Lethbridge for a short honeymoon. The bride chose as her going-away outfit a dusky rose redingote with beige accessories and a corsage of roses. On their return they will reside on the groom's farm east of Carmangay.

Out-of-town guests were: Mrs. E. Peterson of Alameda, California; Mrs. A. G. Frank of San Francisco, and Mrs. Brandvold of Picture Butte.

The bride, a graduate of Champion high school, is a member of one of Champion's old-time families and a popular member of the younger set. The groom will enter service in December.

Lona Stephenson was a Lethbridge visitor Wednesday and Thursday.

We have received from the Grain Milling and Advertising Service a timely reminder that this is the time of the year when children should be warned against playing around and in the elevators and the railway tracks. Many accidents and deaths have occurred in this way, parents should warn their children.

### FLAX RUST

No less than 135 distinct species of fungi causing rust diseases have been collected in Manitoba alone. Rust diseases are common not only on our cereal crops, but on hollyhocks, dandelions, roses, goldenrod, spruce trees, willows, poplars, snapdragons, wild grasses, sunflowers and a wide variety of other plants.

All rust fungi are obligate parasites. That is to say, they can only live and reproduce on living plants. Some, such as the one causing stem rust of wheat, require two different host plants to complete their life cycles. The stem rust organism develops red and black spores on wheat and other grasses. The red spores multiply and produce new infections, while the black spores live through the winter and germinate in the spring. When they germinate, they produce small short-lived spores which cannot infect wheat, but only the barberry. Infections develop on the barberry and a still different type of spore is produced which can infect wheat. We have no barberries in Western Canada, so each spring we depend upon spores imported from the United States to start our epidemics.

But flax rust is different. When the black spores germinate in the spring, the tiny spores they produce can infect flax directly. Herein lies an important moral. Rusted wheat straw lying about the field in fall and spring is harmless. Rust flax straw and stubble are likely to produce a crop of spores which will infect nearby flax fields. So, burn all rusted flax straw and plow under stubble in the fall if it will not burn. Next year sow flax as far away as possible from where flax grew this year.

## Editorials

### CHAMPION'S ROADS

During the past week several town and district residents have come in and pleaded with us to write an editorial on the condition of the roads. We made some discreet inquiries as to why the roads were allowed to go in the state they are in. This is why. 1. The council has spent all the money they appropriated for road maintenance. 2. The road is too hard to fix, so it will have to wait till it softens up some. 3. Who the hell cares.

We might point out that the Village council's duty is to find the money, one way or another, to keep the roads in shape. Next time they make a budget let them make allowances for some funny work on the part of the weatherman.

In answer to the point that the road is too hard to fix, we believe that the road machine was off duty for a few days when the road was in more or less of a fluid stage and could have been put to work when the road was hardening.

As for who cares, well every merchant or business man in the village cares or should care if he expects people to come to town to do business with him. And every farmer and villager who drives a car cares, for he is trying to prolong the life of his car or truck and it certainly takes a few months off the life of it every time he drives down main street.

And then there is village pride.

## It is now ILLEGAL to HOARD scrap steel or UNUSABLE machinery

The Steel Controller has ordered that, after September 15, 1942, no person may retain in his possession scrap iron or steel weighing a total of 500 pounds or more unless he has a permit.

(For the purposes of the new regulations, scrap metal includes machinery, structural steel, or any other article or commodity containing iron or steel, which is not serving an immediate vital purpose.)

The order also provides:

That anyone, coming into possession after September 15 of scrap iron or steel weighing 500 pounds or more, must dispose of it within 20 days.

That any person having a valid reason for not disposing of scrap metal as scrap metal or who believes that it can serve some essential purpose, must send in a report by September 15 to the Used Goods Administrator of the Wartime Prices and Trade Board, Lumsden Building, Toronto. His report must reveal the exact description, quantity, and location of his scrap metal.

The provisions of the order do not apply to scrap dealers who are already subject to previous orders; nor do they affect metal fabricators and processors who are in legal possession of metal to be used in manufacturing.

A copy of the order, S.C. 16, may be obtained from the Steel Controller, Department of Munitions and Supply, Ottawa.

Infractions of the new regulations are subject to a fine of up to \$5,000, or imprisonment of up to five years, or both fine and imprisonment.

## GOVERNMENT INSURANCE IN CASE OF WAR DAMAGE TO PROPERTY OWNERS OF PROPERTY ARE URGED TO INSURE AGAINST LOSS BY ENEMY ACTION

The Government of Canada, by Act of Parliament, has set up a Plan of War Risk Insurance against damage to property caused by enemy action—by countermeasures taken against the enemy—by explosions of war munitions handled by third parties.

In terms of general information, it may be stated that the Plan provides a certain limited FREE COMPENSATION for damage to owner-occupied homes and to chattels, but the main feature of the Plan is that owners of most types of property can protect their property by PURCHASE of GOVERNMENT WAR RISK INSURANCE at very moderate rates.

This type of War Risk Insurance is not being sold today by private insurance companies, because of the risk involved. Consequently, the Government has established a national scheme to make it possible for each citizen in Canada to purchase the sense of security that comes from knowing that if his property does suffer war damage (and the war has come much closer to Canada in the last twelve months) he can call on the resources of Canada to help him make good his property loss.

### HOW TO OBTAIN GOVERNMENT WAR RISK INSURANCE

The Fire Insurance Agents and Companies of Canada have volunteered to the Government the services of their extensive facilities and personnel, on a non-profit basis, thus avoiding the setting up of the large organization that otherwise would be needed to handle details of this nation-wide Government War Risk Insurance scheme.

**YOUR FIRE INSURANCE AGENT  
OR COMPANY WILL GLADLY  
SUPPLY COMPLETE DETAILS OF  
THIS GOVERNMENT INSURANCE  
PLAN.**

*THIS ANNOUNCEMENT IS PUBLISHED so that the public may have notice of the Government War Risk Insurance Scheme. The information given above is not intended to be a complete resumé of the Scheme. Full information regarding conditions, exclusions, etc., is available elsewhere.*

#### TO HOME OWNERS HOUSEHOLDERS and OTHERS

Limited free compensation is provided under the Act for War Damage by enemy action to owner-occupied homes up to \$3,000. Damage to Householder's Chattels, up to \$800—for those of his wife, up to \$400—for each child under 16, up to \$100—for others, not householders, up to \$200.

No policies are needed in this classification but insurance additional to the above amounts may be purchased.

Ask any Fire Insurance Agent or Company for complete details.

# THE NEW INCOME TAX

## PART I - As it Affects

### SALARY AND WAGE EARNERS

#### 1. Question: WHO MUST PAY?

**Answer:** All persons in receipt of incomes over \$660 single—or \$1200 married.

#### 2. Question: WHAT FORMS DO YOU HAVE TO FILL OUT?

**Answer:** Unless you are single, without dependents, and not making payments for allowable personal savings (Item 5D), you should file Form TD-1 with your employer. Otherwise he must deduct the amounts provided by the Table of Tax Deductions for a single person without dependents or personal savings.

If  $\frac{1}{4}$  or more of your income comes from salary or wages, you must file your 1942 Income Return by 30th September 1943. If your income is not over \$5,000, including not over \$100 from investments, you will use Form T1-Special; otherwise you will use Form T.1.

#### 3. Question: WHEN AND HOW IS YOUR TAX COLLECTED?

**Answer:** Your employer is required by law to make deductions from your salary or wages on account of your 1942 tax during the period September 1942 to August 1943. Each deduction must be the amount provided by the official Table of Tax Deductions for your current rate of pay, and family status and personal savings as declared on Form TD-1 (Item 2 above).

The Table is designed to collect about 90% of the tax on your salary or wages, leaving a balance of not more than 10%, in most cases, (plus tax on your other income, if any) to be paid with your Income Return to be filed in September 1943.

If your salary or wages are less than  $\frac{1}{4}$  of your income, you must pay tax on your other income by compulsory instalments. (See Part II below).

#### 4. Question: WHAT CONSTITUTES TAXABLE INCOME?

**Answer:** Your income is made up of your full salary or wages before any deductions whatsoever, plus living allowances, gratuities or bonuses (including cost of living bonus) and the value of any board, living quarters or supplies, etc., given you by your employer. It also includes such receipts as interest and dividends, rents (after taxes, repairs, etc.), royalties and annuities. From your total income you deduct payments (up to \$300) into certain types of employees' superannuation or pension funds, charitable donations up to 10% of your income, and medical expenses over 5% of your income (maximum—\$400 single, \$600 married, plus \$100 for each dependent up to four), to find the amount of your taxable income.

#### 5. Question: HOW MUCH DO YOU PAY?

**Answer:** (A) Normal Tax—(whichever rate is applicable is applied to the full amount of

with taxable income over \$3000—9%
- (2) Married (or equivalent status)—  
with taxable income over \$1200—7%
- (3) Dependents—tax credit for each—\$28

- (B) Graduated Tax—

33% on next 500 60% on next 7,000  
37% on next 1000 65% on next 10,000  
41% on next 1500 70% on next 20,000  
45% on next 1500 75% on next 20,000  
50% on next 3000 80% on next 30,000  
85% on excess over \$100,000
- (2) Married (or equivalent status)—tax credit—\$150
- (3) Dependents—tax credit for each—up to \$80

#### (C) Surtax—4% on investment income over \$1500 without exemptions.

#### NOTES

- (1) In no case are you required to pay a net tax (i.e., after credit for dependents) which would reduce your taxable income below \$660 single or \$1200 married.
- (2) If a wife has unearned income over \$660, then both she and her husband are taxable as single persons, but any amount a wife earns does not affect her husband's right to be taxed as a married person. A married woman is taxed as a single person under all circumstances except only when her husband's income is less than \$660.

#### (D) Tax Credit for Personal Savings—

You may deduct from the savings portion of your tax (Item 6) 1942 payments on account of—

- (1) an approved employees' (or trade union) superannuation, retirement or pension fund;
- (2) premiums on life insurance policies issued prior to 23rd June 1942 (if issued after that date ask your insurance company or Inspector of Income Tax);
- (3) annuity or savings policies not postponable without substantial loss or forfeiture; and
- (4) principal payments on a mortgage or agreement of sale, existing prior to 23rd June, 1942, on one residential property;

provided (a) they do not exceed the savings portion and (b) receipts are produced for the payments when filing your Income Return.

#### (E) National Defence Tax—

This tax does not apply after 31st August, 1942. The deductions made during January to August 1942 apply as a payment on account of your 1942 tax.

#### 6. Question: HOW MUCH OF YOUR TAX IS SAVINGS?

**Answer:**

- (1) Single—the lesser of  
(a)  $\frac{1}{2}$  the total of your Normal Tax, Graduated Tax and Surtax; or  
(b) 8% of your taxable income (maximum \$800) plus 1% for each dependent (maximum \$100 for each).
- (2) Married (or equivalent status)—the lesser of  
(a)  $\frac{1}{2}$  the total of your Normal Tax, Graduated Tax and Surtax; or  
(b) 10% of your taxable income (maximum \$1000) plus 1% for each dependent (maximum \$100 for each).

You will get back the savings portion of your tax which you actually pay, plus 2% interest, after the war.

#### 7. EXAMPLES OF AMOUNTS PAYABLE ON 1942 EARNED INCOME (after allowing for National Defence Tax actually deducted Jan.-Aug. 1942)
